Dear Parents and Friends of MES,

Springtime at MES will again be filled with lots of new learning and opportunities for students to blossom into wonderful readers, writers, mathematicians, artists, and citizens. As I visit classrooms and read the work displayed in the hallways and on bulletin boards, I am truly impressed by what I see. The main showcase is home to some very colorful pink ceramic cupcakes in honor of the book Pinkalicious. Poetry, creative stories, and a variety of art projects displayed in each of the grade level hallways create an inviting gallery. Laughter and excited voices spill from classrooms as students share their projects and work alongside one another to learn about dinosaurs, the ocean and any other of a number of topics. Computers hum as students' research topics and visit places of which they have only dreamed. Students' feet pound across the gym floor as they race toward the basket. Instruments keep the beat as students practice for their upcoming concerts. Recycling bins brim to the top. Yes, students are blooming at MES!

In the next few weeks, students will be taking field trips to enhance and extend what they are studying. Grade one students will be traveling to the Roger Williams Park Zoo, kindergarten and grade two students will visit Mystic Aquarium, and grade three students will journey to Bluff Point and the Garde Arts Center. The Pre-kindergarten classes will host several special visitors in the weeks ahead. The cost of these trips is offset by the generosity of the PTO. We are extremely grateful for their support!

As we enter into the final months of the 2010-2011 school year, I encourage you to mark your calendar with the numerous upcoming events listed in the newsletter. Important May and June dates are included. Much planning and preparation have gone into this year and we are already planning for next year. The one event that I would like to highlight is the Health and Wellness Fair that will be held on May 20. Students will spend the day learning about ways to live a healthy lifestyle. Families are invited back to MES in the evening to enjoy snacks, participate in a variety of activities, and learn more about the opportunities Plainfield has to offer families looking for recreation and healthy options. We look forward to the exciting opportunities ahead as we continue to grow as a learning community!

Sincerely,

Anne Hogsten
